

Release the Power of SharePoint with Ergo

Do you want to maximise SharePoint as part of your Office365 investment?

Is your intranet ugly, clunky, and so outdated that no-one is using it?

Do you want to embark on a digital transformation journey but don't know where to start?

Are paper based processes costing you a fortune to store and retrieve?

Do you want to upgrade from a legacy SharePoint version but don't know how?

Would you like to bring employees from dispersed locations together?

If you answered yes to any of these questions, then talk to Ergo.

Ergo: The SharePoint Experts

Ergo has been successfully deploying SharePoint for over a decade, on premise and in the cloud. Providing a range of services from portals to custom applications to process improvements, Ergo helps clients maximise the potential of SharePoint quickly and cost-effectively. By tailoring our solutions to different businesses and their needs, Ergo helps clients advance their digital transformation strategies and dramatically improve business processes by leveraging best practice methodologies, honed over many years.

Ergo offers you

Portal Framework

Rapid provisioning of intranet and extranet portals, delivering a responsive portal in 15 days*.

Kickstart Toolkit

Start your discovery process with access to our free demo environment and project scoping templates.

Custom Application Accelerator

Fast track application building and create an ecosystem of services including mobile applications.

Scan and Index Solution

Digitise high volume content for easy storage and retrieval with SharePoint as the central repository.

Business Enablement

Explore process change with workflow solutions like our award winning FlowForma solution.

Training & Adoption

Our dedicated user adoption practice aims to increase the success with our customised training solution.

*Terms & Conditions apply: This is based on an indicative average and is dependent on the ambition and scale of project.

A world class IT partner of choice

How we do it

PHASE ONE Consult

We work with you to understand your business needs and to create a roadmap that delivers solutions aligned to your business strategy goals.

PHASE TWO Implement

Our highly qualified consultants use Ergo's unique productivity toolkit to develop, integrate and customise the solution whilst training the users.

PHASE THREE Support

We fully manage the solution as a service, including hosting, aligning to the client's resources and wider IT strategy.

Did you know?

If you have an Office 365 license, the chances are you are already licensed for SharePoint!

We have helped clients to:

- › Design and deliver a portal in 15 days
- › Improve document retrieval from hours to just seconds
- › Save €100,000's through process efficiencies and time saving activities
- › Reduce paper trail by up to 70%
- › Dramatically increase user adoption of SharePoint
- › Connect employees across the globe under one virtual roof

About Ergo

With over 20 years' experience, Ergo continue to lead the way as a world class IT provider. We design, develop and deploy modern solutions for modern businesses. These solutions are built on proven Microsoft technology which provide the highest levels of security, reliability and scalability for business-critical applications. As recipients of the prestigious Microsoft Ireland Partner of the year award an unprecedented four times, we work with customers to get the best return on their Microsoft investments.
